

# Barclay James Harvest, The, Halfway To Freedom

Barclay James Harvest, The  
Welcome To The Show  
Halfway To Freedom  
You - got to sing a new song  
'cause the way that we're going  
Is far too long  
Alone, when you can't hear a sound  
And you're halfway to freedom  
It can't be found  
But we've got the love  
And the feeling's strong  
And we're going on  
And we can't go wrong  
Halfway to freedom  
Sing out the word  
Tables are turning  
We're learning  
Our voice can be heard  
Towers are falling  
See how they burn  
Hope for each other  
Our brothers  
All over the world

Love like a cry in the night  
We reach out for each other  
Peace to find  
Hear, when the bells start to chime  
And you're halfway to freedom  
It's hard to find

Halfway to freedom  
Sing out the word  
Tables are turning  
We're learning  
Our voice can be heard  
Towers are falling  
See how they burn  
Hope for each other  
Our brothers  
All over the world
