

Barclay James Harvest, The, How Do You Feel Now

Barclay James Harvest, The
Turn The Tide
How Do You Feel Now
How do you feel now
We've got a reason to go on
Newly born
Seems like i've waited for a lifetime
But honey i believed in you

When i saw her face i had to cry
I don't know why
Is she real?
Seems like i've waited for a lifetime
But honey i believed in you
To make my dreams all come true
We've got a child

I tried and tried to talk it over
Seemed like we'd waited a million years
Then you conceived our child was born
And we were one
Picked her up put her by your side
Saw a smile that you couldn't hide

I tried and tried to talk it over
Seerr.ed like we'd waited a million years
Then you conceived our child was born
And we were one
Picked her up put her by your side
Saw a smile that you couldn't hide

How do you feel now
We've got a reason to go on
Newly born
Seems like i've waited for a lifetime
But honey i believed in you
To make my dreams all come true
We've got a child
