

# Barcode, What You Get

Keep on crushing and go for the max  
Move up front to the other cranks  
Pure dedication to the style and this scene  
Goes out to get and will always achieve  
Spot it no matter where it is at  
Find the crew and interact  
Appreciation represented with pride  
The living proof that hardcore is alive

What you wish  
What you get  
When you feel the thrill  
Smashing through you veins  
With a beat fast as hell  
It's the noisy way  
It's hardcore and it's real
