It's Alright

It's cool with me boy if you've got somewhere to go
Although we made some plans
I'm going with the flow
Won't hear no drama out of me
Won't hear no noise
'Cause I'll be hanging with the girls
Will you be hanging with the boys

Won't be sitting by the phone
Gonna put my make-up on
And be out, call me when you get home
Hit me when you get home baby

[CHORUS]

It's alright, it's ok
I am not gonna do you thang
'Cause I will be doing mine
Think I'm gonna dance all night

If you don't know by now
I'm not a silly girl
So what you do with me
It might not work with her
What I've been through in my life
Only made me strong
So I ain't trippin 'bout no man
Baby I'll see you when I can

Won't be sitting by the phone
Gonna put my make-up on
And be out, call me when you get home
Hit me when you get home baby

It's alright, it's ok
I am not gonna do you thang
'Cause I will be doing mine
Think I'm gonna dance all night

I'm not worried about tomorrow
I'm just living for today
I've got my mind in letting go boy
So go out and do your thing
Ain't no pressure let's make plans
And just hook up another time
Keep on doin' what your doing'
I'll be fine

It's alright, it's ok
I am not gonna do you thang
'Cause I will be doing mine
Think I'm gonna dance all night
