You Got Me Feeling

Thanks to michael2001\_@hotmail.com for these lyrics.

Running, can't see the light  
Yearning, for love tonight  
A moment, is all I need  
Don't you try and take it from me

Cause I know that you and I were meant to be  
Don't you know that we should be in love and free  
It just don't seem right won't you explain to me  
The reasons why you cannot feel the same way when you look at me

You got me feelin'  
Something I cannot hide  
A love I can't deny, tell me why  
You got me feelin'  
Don't wanna let it go,  
Can't stop this feelin'

I'm taken by what you do  
My heart years, for me and you  
Captured, by your charm  
But you keep taking it from me

Cause I know that you and I were meant to be  
Don't you know that we should be in love and free  
It just don't seem right won't you explain it to me  
The reasons why you cannot feel the same way when you look at me

You got me feelin'  
Something I cannot hide  
A love I can't deny, tell me why  
You got me feelin'  
Don't wanna let it go,  
Can't stop this feelin'
