

Bare Jr., Miss You The Most

You're over me c
But you forgot to tell me
And I am yours completely c
But that don't mean a hill of beans
And though you lay
Right next to me
Your heart has done hit the street
And I miss you the most c
When you are close
You don't laugh

At my jokes any more
Am I that much of a bore
Seems like you left
But you ain't gone
Everything I do seems wrong
And though you lay
Right next to me
All that you feel is week
And I miss you the most c
When you are close
