

# Bare Jr., Nothin' Better To Do

NOTHIN' BETTER TO DO

I woke up early today  
And though of seven different ways  
To like myself less than you do  
For any reason false or true

While you dig me  
More than I dig myself  
And I'm in love with  
Cause I got nothin' better to do

I just fish for sympathy  
For any reason pitifully  
You smile miles more than I do  
So I just bounce me off of you

While you dig me  
More than I dig myself  
And I'm in love with you  
Cause I got nothin' better to do

There your are giving " here I am taking  
Two parasite hearts co-existing
