

# Barenaked Ladies, Celebrity (Album Version)

Don't call me a zero, I'm gonna be a hero  
Like Phil Esposito or the Kennedy's  
I'll be incorporated, and I'll be imitated  
And overrated, but that doesn't bother me  
All the jaws will drop and all the girls will scream  
And there will be commotion when I show up on the scene  
All that you will see is a celebrity  
All that you will see is a celebrity  
When I'm riding in my limo, I won't look out the window  
Might make me homesick for humanity  
There's nowhere that I can't go and there's nobody I don't know  
And there's an emptiness that's eating me  
All the clocks will stop and all the jeans will cream  
It has always been my one and only dream

All that's left of me is my celebrity  
All that's left of me is my celebrity  
Leave your heart, lay down your art  
You're here for the party  
Smile and wave, try to behave  
Be happy that they've made you a celebrity  
I could disappear into the great unknown  
And it would wear my face as if it were its own  
And all that you will see is a celebrity  
All that's left of me is my celebrity  
I will get in first and I will get in free  
All that's left of me is my celebrity
