## Barenaked Ladies, Christmastime (Oh Yeah)

Now that all the snow has fallen It's crunching in below my feet And all the Christmas lights are shining On houses up and down my street And I can see the happy families inside If only for a moment, it's Christmas time I think I see the children down the street Here they come caroling Now we can hear them, they sing "Oh yeah" Mr. Johnson bought a Christmas tree He set it up with his family They're opening their presents big and small Mr. Johnson got a big, brown, bowling ball And Sally got a pair of brand new skates And Jimmy got a box of frosty flakes He knows that there's a special little prize inside What a happy moment, it's Christmas time The carolers are standing in line They sing, "Oh yeah" Oh yeah
