

Barenaked Ladies, Night Photographs

At night I like to photograph, producing camera images
And I don't have a flash
But my little notebook records the subjects at hand
In photo one, a flower
Photo two is a drunk and naked girl
In photo three is my dog in the backyard
Each frame captures the various subtleties of black
Each frame captures the various subtleties of black
Subtleties of black
Subtleties of black

But my little notebook records the subjects at hand
(yeeeeaaaaaa haaaaaa!)
