

# Barenaked Ladies, Peterborough And The Kawartha

Peterborough and the Kawarthas  
(Creeggan)

I left you in the rain

Peterborough and the Kawarthas

Your reflection in the pane

Peterborough and the Kawarthas

Apples, pears, prunes and plums

His favourite food, I told his mom

Wait for him at the end of the slide

When he climbs the stairs, stay by his side

I heard you got some rain

Peterborough and the Kawarthas

Looks like we're in for the same

Peterborough and the Kawarthas

I'm going early, won't wave goodbye

Tell him I love him; look him in the eye

I've learned how to mourn; I've learned how to miss

Let me disappear with this kiss

Tuesday: A mix of sun and cloud with a 40% chance of showers early in the morning; then sunny.

Winds West 20 kilometers per hour, gusting to 40. High of 22. UV index 50; moderate.

Bird, book, and basketball

Squirrel, dog, and learning how to crawl

I found my heart when he came

Let my leaving leave like rain

I watched you from the train

Peterborough and the Kawarthas

When I come back I'll see you again

Peterborough and the Kawarthas

I listen for you every morning

I listen for you every morning

I listen for you every morning

I listen for you every morning
