Barenaked Ladies, Told You So

I never jumpted in and rescued you, but I wanted to I didn't tell you which way to go, 'cause I thought you'd know You had a problem with your new found wealth, you brought it on yourself I never told you I told you so, but I told you so

Have to let it go
It's time to let it go
Now I can't believe
It took so long to leave
Perhaps one day I'll grieve
Or I never will

I never told you I agreed with you, I don't think I do
I wasn't sure quite what the whole thing meant, but I'm glad you went
I never thought that it could be painless, but it is I guess
I had myself fooled into needing you, did I fool you too?

Have to let it go
it's time to let it go
Now I can't believe
It took so long to leave
Perhaps one day I'll grieve
Or I never will

A viral infection that can incubate for years Caused by affection fallen deep into arrears No medication to procure Makes me pure, there's no cure, I am sure

I never mentioned how I've prayed for you, and now I've paid for you I never said that I would wait for you, it's too late for you

Have to let it go
it's time to let it go
Now I can't believe
It took so long to leave
Perhaps one day I'll grieve
Or I never will
