

Barenaked Ladies, Wishing

I wish I could speak with my dog
I wish I could speak with my dog
I wish I could speak with my dog
Cause right now it's just a monologue
I wish I could walk on a cloud
I wish I could walk on a cloud
I wish I could walk on a cloud
I sure wish could walkin' was aloud
I wish every wish would come true
I wish every wish would come true
I wish every wish would come true
Cause it sure feels good when they do
