

# Barlow Girl, Take My Chances

I've bowed out from this and can I say I'm sick  
Now it's time for me to stand up and make you hear me  
This world you rob innocence you never gave us a chance  
We were born believing you had all the answers for me  
Look out you will find out  
That here I am so far from then so  
I take my chances  
I don't live for you  
I'll say what I have to  
I don't care I don't care  
Fears are what I lose  
If we don't speak, who will?  
If we don't fight, we're still  
Stuck without a voice and we are tired of being silenced  
Look out you will find out  
That here I am so far from then so  
I take my chances  
I don't live for you  
I'll say what I have to  
I don't care I don't care  
Fears are what I lose  
We are set apart  
We've been chosen now  
We are children of God  
So what holds us back  
What's holding us back  
I take my chances  
I don't live for you  
I'll say what I have to  
I don't care I don't care  
Fears are what I lose
