

BarlowGirl, Sing Me A Love Song

The tension is thick in the air making it hard to see
The fear of what is to come and what will become of me
I say a prayer, help me not run away
Will You please hold me?
And sing me a love song again
Say the words that heal my heart
Sing me Your love song and then
Let Your words remind me who I am
You've never failed me before why do I feel betrayed
If I'd close my heart to You now the darkness would have it's way
I crave Your voice help me not fall away
Will You please hold me?
And sing me a love song again
Say the words that heal my heart
Sing me Your love song and then
Let Your words remind me who I am
'Cause You are all I need
And all that I want is You with me
You are all I need
And all that I want is You with me
So sing me a love song again
Say the words that heal my heart
Sing me Your love song and then
Let Your words remind me who I am
