He Loves You

Well, take a look around; tell me, what do you see?

The world's fallin' apart like one, two, three

Or maybe you think everything's all right

You ain't got no need to "see the light";

Well, no matter who you are

A bum in the gutter, or a rock n' roll star

He loves you

Now you might wonder if we're talking to you

Because God wouldn't want you with the things you do

But that's not the way that Jesus is

He loves us all, and what a love He gives

Hey, no matter what you've done

Or what you do, you can be His son

He loves you

Well, you don't have to change your ways

Just give your life to Him and you'll be amazed

If we could be good we wouldn't need Him

That's why He died; to pay for our sin

Just ask the Lord to be your friend

He'll give you peace and forgive your sin

He loves you
