

# Barnes And Barnes, Swallow My Love

Barnes And Barnes  
Spazchow  
Swallow My Love  
If you swallow my love  
If you swallow my love  
You'll be rewarded richly baby  
If you swallow my love  
If you swallow my love  
You'll go to Heaven with me maybe  
Don't you remember our first kiss  
Don't you remember utter bliss  
Don't you remember eating this  
You say you want our love to grow  
Well I'm afraid I may let go  
Must I describe it blow by blow  
I know a man who got married quite young  
For the shape of his bride  
And the work of her tongue  
Now he babbles aloud like a smudge on the run  
For his missus goes down everyday like the sun  
For everyone  
I will swim through you upstream  
Hotter than a laser beam  
We may sigh  
We may scream  
If you swallow my love  
If you swallow my love  
You'll be rewarded richly baby  
If you swallow my love  
If you swallow my love  
You'll go to heaven with me maybe  
If you swallow my love  
If you swallow my love  
Yeah
