

Barry Manilow, At The Dance

Feel the heat tonight
Everything so right
Let's get together
At the dance
Turn down all the lights
I wanna hold you tight
Let's stay here forever at the dance
Music starts to play
Carries us away

Let's get together
At the dance
Feel your body move
Get into the groove
Let's stay here forever at the dance
I've been watching you
You've been watching me
You're my dream come true
You're my fantasy
Will you be my girl?
Will you stay with me?
Let yourself go free
Come along with me

Let's get together
At the dance
Girl we'll be so fine
I'll be yours and you'll be mine
Let's stay here forever
At the dance
I want to touch you now
Feel you close to me
Now I know just how
Love's supposed to be
Feel the heat tonight
Everything so right

Let's get together at the dance
Let's get together
You and me will get together
Turn down all the lights
I wanna hold you tight
Let's get together at the dance
Music starts to play
Carries us away

Let's stay here forever at the dance
Feel your body move
Get into the groove
Let's get together at the dance
Girl, we'll be so fine
I'll be yours and you'll be mine
Let's stay here forever at the dance
Let yourself go free
Come on over here to me
Let's get together at the dance
Can you feel the heat tonight?
Ooh, everything's so right
