

# Barry Manilow, I'm Your Man (1993 Remix)

Don't have to look no more  
Here I am  
I'm your man  
I'm what you've waited for  
Here I am  
I'm your man

You always said you like the way  
that I loved you before  
Get ready for me cause this time  
I'm gonna give you it all

I'm older and I'm wiser  
You can bet I'm goin' to surprise ya  
Oh, you know I am  
I'm your man

I was good then but now I'm even better  
Hey, look at me I've got it all together  
Come on take my hand  
I'm your man

I was afraid of love  
so I ran  
When I was your man

I couldn't give enough  
But now I can  
Oh, I'm your man

You always said  
that you saw something special in me  
Now I'm the man you always dreamed I could be
