

Barry Manilow, Never Going To Let You Get Away

All my life I've had this dream
Someone like you would come along
Thru the darkness and the fears
You would be there and I was strong
And now you're here
And now I'm home
And now I'm
Never gonna let you get away
We'll be fine
See how dreams can come true
I'm never gonna let you get away
Not this time
I won't stop loving you
No I'm never gonna let you get away
Now that you're here
Everyone can say they know

How bad the loneliness can be
Some say they've been thru it all
Oh but they're wrong
No one could know
I know the years
I know the tears
I know I'm
Never gonna let you get away
We'll be fine
See how dreams can come true
I'm never gonna let you get away
Not this time
I won't stop loving you
No I'm never gonna let you get away
Now that you're here
