

Barry Manilow, (Why Don't We Try) A Slow Dance

Why don't we try a slow dance
It's all going by us too fast
Oh, why don't we try a slow dance
And maybe this moment will last

All night long we've been dancing
Dancing too far away
All night long I've been waiting for them
To play a slow one

Why don't we try a slow dance
Before it all comes to a close
We'll see how it feels
And see where the feeling goes
Oh why don't we try a slow dance and then
Who knows

It's all goin' by us too fast

And maybe this moment will last

All night long we've been dancing
Dancin' too far away
All night long I've been waiting for them
To play a slow one

Why don't we try a slow dance
Before it all comes to a close
We'll see how it feels
And see where the feelin' goes
Oh why don't we try a slow dance
And then who knows
Then who knows

Who knows
Who knows
