

# Barry McGuire, Anyone But Jesus

Once I lived in darkness  
I'd chosen not to see  
Then Jesus came the way, the life  
The truth to set me free  
But in my fear I tried to hide  
My Lord called me to His side  
I threw away my foolish pride  
And now I know why Jesus died

I'm not gonna think about  
I'm not gonna talk about  
I'm not gonna sing about  
Anyone but Jesus

I remember days of lonely living  
Giving me pleasure, pain and pride  
Guilty, shame and emptiness  
Lord a dead man lived inside me  
But then you came into my night  
Flooded it with your truth and light  
Your gentle hands restored my sight  
To save my life you were crucified

I'm not gonna think about  
I'm not gonna talk about  
I'm not gonna sing about  
Anyone but Jesus

So if you're living in darkness  
And if you can't see the light  
And everything you try and do  
Ain't nothing turns out right  
Won't you take a tip from me my friend  
It's getting closer to the end  
Just take the master by the hand  
And then you'll understand

I'm not gonna think about  
I'm not gonna talk about  
I'm not gonna sing about  
Anyone but Jesus
