

Barry McGuire, Which Way's The Light

Which Way's The Light
Anne Herring

Which way's the light comin' from
That's the way I want to go
No turnin' left
No turnin' right for me

On the straight and narrow road
I'll walk and run and play
Cause every step I take's
A brand new day

The demons of the dark
Will never capture you soul there
His gift of faith will surely defend you

So, which way's the light comin' from
That's the way I want to go
No turnin' left
No turnin' right for me
