

Bars And Melody, Lighthouse

hold the memories inside my heart
and dream we won't have to be apart
and when the storm comes
should we just run?
without you I wouldn't have anyone
on my dark days, when I lay there
I wish we could breathe in the same air
now you're not here, my vision ain't clear
cause I am not me when you're not here

my heart could be the same way
I don't like this feeling
can we just go back yesterday?
and it's been so long
I've been feeling so gone
then I'll find the way, I promise, babe

and I know /3x
it hurts like hell
and I know /3x
it hurts like hell

I wanna swim across the waters
just to see your face
like a lighthouse in the distance
I need you to come and guide my way
I am coming home to you

I am coming home to you

I don't wanna lie, this is how I feel
It doesn't have to be a dream
we can make it real
you tell me that it's hard keeping up the fight
I tell you that you're beautiful when you cry
I know that it's hard not knowing where the road ends
I know that we're stuck when we battle for the seas
and you make me feel good when you're by my side
I hold you close, so no need to hide

my heart could be the same way
I don't like this feeling
can we just go back yesterday?
and it's been so long
I've been feeling so gone
then I'll find the way, I promise, babe

and I know /3x
it hurts like hell
and I know /3x
it hurts like hell

I wanna swim across the waters
just to see your face
like a lighthouse in the distance
I need you to come and guide my way
I am coming home to you

I am coming home to you

I wanna swim across the waters
just to see your face
like a lighthouse in the distance
I need you to come and guide my way

I am coming home to you

I am coming home to you

I am coming home to you

I am coming home to you
