

# Bars And Melody, Santorini x Little Missy

Busy little missy  
Yeah  
She got no time for jokes  
Spirits running' thru my veins  
I got spirit in my coke

Telling me that she insane  
I can see it in her look  
Yeah, it's blood all of the stains  
I got blood all in my throat

Busy little missy  
Got a bad attitude  
Always leave me on road  
And i find that kinda rude hands around my neck  
That girl, act like a knoose  
She amde all of  
The demons in my brain  
Run loose  
She a product of me  
So i got no excuse

Busy little missy  
Yeah  
She got no time for jokes  
Spirits running' thru my veins  
I got spirit in my coke

Telling me that she insane  
I can see it in her look  
Yeah, it's blood all of the stains  
I got blood all in my throat

Bad little Missy  
She never said she miss me  
Always hit her line whenever i am in the city  
I got some issues  
But at least she said i ma pretty  
She takes my hand  
But that lady never kiss me

She never kiss me  
She pull my soul so low  
That's where i wanna go  
I love so cold and that's ok  
I love the snow  
I am here favourite game to play  
She in control  
She pulled the curtain early on me  
I'm the show

Baby i loved the show  
But baby i got to go  
I get the call  
I lewve in the morn  
You want me to leave you alone  
But i got blood in mouth  
Iwanted to try you out  
Satisfy me  
You a diamond  
Baby i'll give you a shout
