

# Basement Jaxx, Keep Keep On

Thing is when you hold someone too close  
They tend to lose their breath  
I know we're both just a little bit guilty of it  
We've been blaming each other to death  
Keep, keep on  
It's just a little hiccup (repeat)  
There were many things I wanted to tell you long ago  
But we were too busy and tied up with everything  
It's hard to be someone in this modern world  
And have time for your sisters and your brothers  
Keep, keep on  
It's just a little hiccup
