

Basement Jaxx, Rock This Road (feat. Shakka)

Can't see the pain
But feel it coz it hurts
Who meds me u
Will you be my nurse?
There's no heart broken
The your love conflict
Oh, please, fix me
For the silence hit

You make me so great
You're ma pure delight
You lift me up the galaxy
You're my chain of live
You lift me up the galaxy
You lift me up the galaxy
You lift me up the galaxy

Let's rock
This road together
I .. for your...
Let's rock
This road together
Is that something I can do?
Get me from the sofa
Let's rock
This road together
Are you feel it too?

Make me feel so good
Make me feel much better
You're my pure delight
You're my pure delighter
You lift me up the galaxy
You're my chain of live
You lift me up the galaxy
You lift me up the galaxy
You lift me up the galaxy

Let's rock
This road together
I .. for your...
Let's rock
This road together
Is that something I can do?
Get me from the sofa
Let's rock
This road together
Are you feel it too?
