

# Basement Jaxx, Where's Your Head At?

Where's your head at, at, at, at?  
Where's your head at?  
Where's your head at?  
Where's your head at?

Where's your head at?  
Where's your head at?  
Where's your head at?

Where's your head at?  
Where's your head at?  
Where's your head at?

Where's your head at?  
Where's your head at?  
Where's your head at?

Don't let the walls  
Cave in on you  
We can't evolve alone  
Without you  
Don't let the walls  
Cave in on you  
We can't evolve alone  
Without you  
Don't let the walls  
Cave in on you  
You get what you give  
That much is true  
Don't let the walls  
Cave in on you  
You turned the world away  
From you

Where's your head at?  
Where's your head at?  
Where's your head at?

Where's your head at?  
Where's your head at?

Where's your head at?

You have found yourself  
Trapped in this  
Incomprehensible maze  
Where's your head at?  
Where's your head at?

Don't make it easy on yourself  
Where's your head at?  
Got to get  
Got to get  
Got to get  
Got to get

Where's your head at?

Where's your head at?  
Where's your head at?  
Where's your head at?

Where's your head at?

Where's your head at?  
Where's your head at?

Don't let the walls  
Cave in on you  
We can't evolve alone  
Without you  
Don't let the walls  
Cave in on you  
We can't evolve alone  
Without you  
Where's your head at?  
Where's your head at?  
We can't evolve alone  
Without you  
We can't evolve alone  
Without you
