

# Basia Hetmańska, SUPERNATURAL

I see you out in every day  
Even you don't understand  
Boy  
I've given you  
I knew what's love  
You think I'm wrong  
I think about it when you held my hand  
Spined me lying on my bed  
Thinking what is next  
I guess I'm wrong  
Don't you think I'm wrong  
I know I was wrong

Supernatural

I see you out in every day  
Even you don't know it yet  
Boy  
I've given you  
I knew what's love  
You think I'm wrong  
I think about it when you kissed my chick  
Talk to, lying on my bed  
Thinking what is next  
I guess I'm wrong  
Don't you think I'm wrong  
I know I was wrong

Supernatural

I love it when you're looking down at me  
Your fingers through my hair  
Your fingers through my hair  
Yo  
So let me take some friction from your lips  
Kiss me harder once again  
Kiss me onge again  
Yo
