

Basia Trzetrzelewska, Freeze Thaw

Freeze - thaw
Slow but sure
It breaks my heart
Either - or
Make up your mind
I'm hanging on
If I counted all the times
You are as sure as me
I'd give you up for
someone else
Whose heart was free
When you change your tune
With every mood
What am I to do with you
Freeze - thaw
Freeze and thaw
Don't love and ignore me
Come and go
When you want
I never know
I open up
You close me down
We're out of time
When you show
the other side
It warms the heart of me
But there again
It's not enough
To keep my love
When you change your tune
With every mood
What am I to do with you
Freeze - thaw
Freeze and thaw
Don't love and ignore me
Freeze - thaw
Slow but sure
It breaks my heart
Either - or
Make up your mind
I'm hanging on
When you change your tune
With every mood
What am I to do with you
