

# Bass Astral x Igo, It's Dark

i wanna be  
i wanna see  
I wanna feel  
i wanna be  
i wanna see  
I wanna feel  
i wanna be  
i wanna see  
I wanna feel  
i wanna be  
i wanna see  
I wanna feel  
but I not

everybody looking for me  
I got to say some now  
I can't be no longer free  
it is too late now

baby, pray for me  
so they no longer see  
the I am hiding in here

I don't leave a day  
a keep running away  
I know you can't help it  
nobody even make it

baby, pray for me  
so they no longer see  
the I am hiding in here

it's dark  
and that's the perfect place to hide in  
it's dark  
nobody sees me here  
it's dark  
like a shadow I am moving  
like a shadow I go  
and I am losing control

it's dark  
we can play the game  
but it will be all the same  
and I will testify  
would you a real lie  
you never wanna stop  
you never lose your luck  
and your fakeing  
sound so fuckin' weakin

spend your life the way you spend it  
you never wanna do offend me  
you've got all what you prayed for  
but you forget that I prayed for love  
it doesn't mean that it's mine  
it doesn't mean that it's yours  
still I am hiding in here

it's dark  
and I am don't care about it  
it's dark  
nobody sees me here  
it's dark

like a shadow I am moving  
like a shadow I go  
and I am losing control

my baby  
I love you more  
my baby  
I love you more  
my baby  
I love you more  
I love you more  
I love you

sometimes I like to lose control  
satisfaction never come  
i wanna be  
i wanna see  
I wanna feel  
but it's dark in here  
in a way I like to stay alone  
something in your mind explode  
i wanna be  
i wanna see  
I wanna feel  
but it's dark in here
