

Bass Bumpers, The Music's Got Me

You know sometimes, when you get that feeling
You gotta take the music and feel the healing
There's a way for you to enjoy yourself
A place to let it go
Time to release those feelings
There's a place that you should know
Just come and dance along to my rhythm
Just let your body go
Dance and move your body
Let the music take your soul
The music's got me spinning around and around and around
Dance along to my rhythm
Just let your body go
Dance and move your body
Let the music take your soul
Can't explain the feeling
There's something you gotta know
Burning hot like passion
