

# Basshunter, Boten Anna

I know a bot,  
her name is Anna, Anna is her name  
And she can ban, ban you so hard  
She cleans up in our channel  
I wanna tell you, that I know a Bot  
I know a bot,  
her name is Anna, Anna is her name  
And she can ban, ban you so hard  
She cleans up in our channel  
I wanna tell you, that I know a Bot  
That always watches everyone here  
And makes us out of trouble  
There is no Take-over that succeeds  
Remember that it's I who know this Bot  
The bot that no one else can beat  
And she kicks even if she shouldn't  
She gets rid of everyone that "spams"  
Yes, nothing can beat our Bot  
(Ready for take off)  
(Are you ready?)  
I know a bot,  
her name is Anna, Anna is her name  
And she can ban, ban you so hard  
She cleans up in our channel  
I wanna tell you, that I know a bot  
And then came the day I didn't think was real  
The channel was out of control  
I never thought I would be so wrong  
But Anna wrote and said  
"I'm not a Bot,  
I'm a really beautiful girl"  
Which is, unluckely, now very strange to me  
But nothing needs to be explained  
Because for me you will always be a Bot  
Her name is Anna, Anna is her name  
And she can ban, ban you so hard  
She cleans up in our channel  
I wanna tell you, that I know a Bot  
That always watches everyone here  
And makes us out of trouble  
There is no Take-over that succeeds  
Remember that it's I who know this Bot  
The Bot that no one else can beat  
And she kicks even if she shouldn't  
She gets rid of everyone that "spams"  
Yes, nothing can beat our Bot  
(Ready for take off)  
(Are you ready?)
