

# Basshunter, Dream Girl

(You're my dream)  
Baby I'm your dream girl

My spell, your toy I'm your dream girl  
The way I walk, the way I look  
Baby I'm your dream girl

When I'm dreaming I'm alone with you  
Lying in my lonely bed  
Ohh the times you held me in your arms  
And all our fantasies we shared

No ones touch my body like you do  
Not in that special way  
'Cause I've found your love  
And it feels so right so don't let me go

Baby I'm your dream girl

I'm like your world, I'm your dream girl  
Believe me baby it's true  
I wanna be with you

The way I walk, the way I look  
Hands all over me  
Baby I'm your dream girl

I'm like your world, I'm your dream girl  
Believe me baby it's true  
I wanna be with you

The way I walk, the way I look  
Hands all over me  
Baby I'm your dream girl

When you hold me in your arms  
You made me feel so safe  
Everyone told me to walk away  
But don't you say why I stay

No ones touch my body like you do  
Not in that special way  
'Cause I've found your love  
And it feels so right so don't let me go

I'm like your world, I'm your dream girl  
Believe me baby it's true  
I wanna be with you

The way I walk, the way I look  
Hands all over me  
Baby I'm your dream girl

I'm like your world, I'm your dream girl  
Believe me baby it's true  
I wanna be with you

The way I walk, the way I look  
Hands all over me  
Baby I'm your dream girl

Baby I'm your dream girl

Baby I'm your dream girl

My spell, your toy I'm your dream girl

Baby I'm your dream girl
