I've got another girl  
Basslovers united, keep rocking ya'll  
I've got another girl  
Bass lovers united  
I've got another girl  
Bass lovers united  
I've got another girl... goodbye  
Because he was not the only one  
The sin in a good company  
The sky is clearing up, he will be sorry  
Sorry for it now  
He got another girl another another another girl  
A son of the devil fears character  
Despite of his mistake  
Now it's clear and now it's clear
