

Bastille, World Gone Mad

so this is where we are
it's not where we had wanted to be
if half the world's gone mad
the other half just don't cae you see

you don't wanna fuck with us
we dash till the very last

when it feels like the world's gone mad
and there's nothing you could do about it
no there's nothing you could do about it
when it feels like the world's gone mad
and there's nothing you could do about it
no there's nothing you could do about it

so tell me what's the news
and what is it you want me to see
lying to ourselves
and dancing by the light of the screen

you don't wanna fuck with us
we dash till the very last

when it feels like the world's gone mad
and there's nothing you could do about it
no there's nothing you could do about it
when it feels like the world's gone mad
and there's nothing you could do about it
no there's nothing you could do about it

another man holding a microphone
trying to say something at all
or finding himself on an empty road
trying to choose with way to go

and so, you wanna make some money
you wanna make some money
and so, you wanna make some money
you wanna make some money

when it feels like the world's gone mad
and there's nothing you could do about it
no there's nothing you could do about it
when it feels like the world's gone mad
and there's nothing you could do about it
no there's nothing you could do about it
