

Bat For Lashes, The Dream of Delphi

Breezes, breezes, on your fingers
Touching thin air
Playing, playing with angels
Breathing a new transmission
Falling, falling from the sky
Deeper, my love is soaring
Soaring so very high

The dream of Delphi on my mind
The dream of Delphi on my mind
The dream of Delphi on my mind
The dream of Delphi on my mind

Soaring, soaring, past cliffs of white
Milk and, milk and opal light

The dream of Delphi on my mind
The dream of Delphi on my mind
The dream of Delphi on my mind
The dream of Delphi on my mind
