

# BATTLE BEAST, Touch in the Night

When the night, meets the dawn  
One will stand, one will fall  
Broken I can't go on  
An act of despair is what I seek

Give me your love tonight  
You're burning up but I'm still cold  
Give me a place to hide  
From this horrendous emptiness

Inside  
Can you help me?

I wanna feel your touch in the night  
Unpure is my dark delight  
What a lustful sight before these eyes  
Oh darling  
I gonna feel of wrath the king  
'Cause touching you was a sin  
I'm victim of my own desire

Was my destiny  
Decided by the Hand of God  
Staring at memories  
Will I find the answer - there?  
Will I ?

Here I am, in the dark BATTLE BEAST  
Chained to demise and agony  
Madness is creeping in  
'Cause what I see cannot be real  
Or can it?

I wanna feel your touch in the night  
Unpure is my dark delight  
What a lustful sight before these eyes  
Oh darling  
I gonna feel of wrath the king  
'Cause touching you was a sin  
I'm victim of my own desire

I can't resist you  
No more  
Take me to heaven  
Before  
I am gone

I wanna feel your touch in the night...
