

Battlelore, Queens Of The Valar

One with the light of the stars
Woke Firstborns of Ilvatar
One with the trees and the green
Planted all the first seeds
Hope for the others grief
She will come in misery
Ever-Young cares the blooms
Her sister caused the sun and the moon
Valier, Queens of the Valar
Sisters and wives of divine
Maid singers of the world
Composers, creators
One with the laugh and the dance
Spirit maiden in the woodlands
And one with the gift to heal
Gardens of L´rien her realm
Weaver from Timeless Halls
Cast the fate of the other dawn
All the stories within time
In her clouds weaved with pride
Highest of Ainur in E
First from Eru's hands
Masters of Menel
Almighty of Arda
Valier, Queens of the Valar
