

# Baumer, Come On, Feel It

You come to me and just say that you've fallen out of love  
It was fun but now you got your life to be thinking of  
Well I got my life  
And I don't think that I have the time  
To be around when you come weeping having changed your mind  
I don't want you now

Come on and feel it  
Come on and feel it  
Come on  
Come on and feel it  
Come on and feel it  
Come on

Come on and feel it  
Come on and feel it  
Come on  
Come on and feel it  
Come on

You think you got it figured out  
And this will sue us both  
The answers simple and easy  
Just like the numbers show  
Well we were meant to be  
But meant to be for just how long?  
Just do what feels right  
Cause what is right now feels so wrong  
I don't want you now

Come on and feel it  
Come on and feel it  
Come on  
Come on and feel it  
Come on and feel it  
Come on

Come on and feel it  
Come on and feel it  
Come on  
Come on and feel it  
Come on

Come on and feel it  
Come on and feel it  
Come on  
Come on and feel it  
Come on and feel it  
Come on

Come on and feel it  
Come on and feel it  
Come on  
Come on and feel it  
Come on

Come on and feel it  
Come on and feel it  
Come on  
Come on and feel it
