

# bazOOms, Drowning Away

I think you know that I'm afraid  
I don't feel free in this cage  
Let me out of my head  
Please take away my rage

Field full of hate  
I'm already drowning away  
Don't know if anyone will love me  
That's why I'm drowning away

Oh how much I love pain, my pain  
Fucking masochist, get me away, away  
I don't wanna this world, it's so unfair  
so I'll keep drowning away

I wanna love you but not that close  
So I could feel free in that hole  
Please get the fuck away from me, I'm gonna fly  
Go away (away...)  
I'm drowning away

Let Me fly  
Let me feel  
Let mi cry  
Let me live

Every part of my mind  
Is going to crack  
I can't be kind

I want to be free  
But I feel locked  
I can't see clear  
Im hardly crashed

Oh how much I love pain, my pain  
Fucking masochist, get me away, away  
I don't wanna this world, it's so unfair  
so I'll keep drowning away

I wanna love you but not that close  
So I could feel free in that hole  
Please get the fuck away from me, I'm gonna fly  
Go away (away...)  
I'm drowning away
