

BBX, Making Luv

and with the world
i?m makin? love
oh o

with my heart
I?m makin? love
oh o

with my body
I?m makin? love
oh

with my hands i am
i?m making love

oh oh oh oh oh oh

oh nothing compares
to this
when I feel
all over the world
the love

through all the days
through all the nights
waited so long
I fought the fight

now here I am
standing so proud
waving my flag
my time is now

I will always be sure of this
one love is way to live

I won?t look back
I won?t look down
I will be strong
the time is now

victorious
i wear the crown
I?m undefeated
I run this town
