

Be Free, Ocean

I wonder about with all my thoughts. How to find my way ? Dont know.
To those moments, that I miss. Feeling dreams, what locked inside.
Just like oceans all around. Happiness is slowing time.
Feel a wind, falling leaves. Moon is fading, day begins.
Fields of flowers all around. Breath of heart is closing me.
Angels sleep embarrassing me. Silence is the place to find.
Just like oceans all around. Happiness is slowing time.
Feel a wind, falling leaves. Moon is fading, day begins.

REF:

I wanna be with you. Ill overcome that fear.
Searching in your heart what I mean.
Time has built my memories. Sailing through the sea of mine.
Where to go ? I dont know much. Silence is the place to find.
Just like oceans all around. Happiness is slowing time.
Feel a wind, falling leaves. Moon is fading, day begins.

REF:

I wanna be with you. Ill overcome that fear.
Searching in your heart what I mean.
I wana be with you, close to me.
Searching in your heart(I wanna be with you)
