

Be Your Own Pet, Electric Shake

Put my beat down through the floor,
Shoot that bugger out the door,
Electric shake it down and out,
And freakin' dance till we're no whores
Kick my beat down through the floor,
Shoot that bugger out the door
Electric shake it down and out
And freakin' dance no we're no whores
Oh 6-2-3 now don't judge we're spittin' our sleaze across the safety
No new ideas they're all the same here
And then shake your shit and open your ears
Oh 6-2-3 now don't judge me we're spittin' our sleaze across the safety
No new ideas they're all the same here
And then shake your shit and open your ears
Put my beat down through the floor,
Shoot that bugger out the door,
Electric shake it down and out,
And freakin' dance till we're no whores
Kick my beat down through the floor,
Shoot that bugger out the door
Electric shake it down and out
And freakin' dance no we're no whores
Oh 6-2-3 now don't judge we're spittin' our sleaze across the safety
No new ideas they're all the same here
And then shake your shit and open your ears
Oh 6-2-3 now don't judge me we're spittin' our sleaze across the safety
No new ideas they're all the same here
And then shake your shit and open your ears
Let you kick up and down, let you shake down and out
Let you kick up and down, and then shake us down and then shake us down.
Oh 6-2-3 now don't judge me we're spittin' our sleaze across the safety
No new ideas they're all the same here
And then shake your shit and open your ears
Oh 6-2-3 now don't judge me we're spittin' our sleaze across the safety
No new ideas they're all the same here
And then shake your shit and open your ears
