

Be Your Own Pet, Spill

SPILL!

Yourself out with your ear fluids

You never listening anyway

You keep going, going and turning

You never give me the time of day

Yourself out with your ear fluids

You never listening anyway

You keep going, going and turning

You never give me the time of day

Eat me up eat me up eat me up eat me up

Oh please drop dead

Please shut up [x4]

Until you're dead

Eat me up eat me up eat me up eat me up

Oh please drop dead

Please shut up [x4]

Until you're dead

Stop talking right now

Cover your mouth with your machine gun

You're breaking my spinal chord

Snapping off, there goes another one

Stop talking right now

Cover your mouth with your machine gun

You're breaking my spinal chord

Snapping off, there goes another one

Swing me up [x4]

Oh please drop dead

Please shut up [x4]

Until you're dead

Swing me up [x4]

Oh please drop dead

Please shut up [x4]

Until you're dead

Eat me up eat me up eat me up eat me up

Oh please drop dead

Please shut up [x4]

Until you're dead

Swing me up [x4]

Oh please drop dead

Please shut up [x4]

Until you're dead
