

# Beach Boys, Endless Harmony

Beach Boys  
Keepin' The Summer Alive  
Endless Harmony  
Ocean lovers who like to harmonize  
They're all cousins friends and brothers  
And they make their mamas cry  
They're record-making heart-breaking  
Just west coast boys  
What i know it's a beginning of an endless harmony  
Oooo ooo ooooo

Striped shirt freedom  
Brave new worlds  
Go out on the road  
Where there's mid-sixties screaming  
And that nighttime holiday scheming  
While a lifestyle turns to gold  
Music's growing  
And vibrations showing  
What's it all mean  
I know it means there's an endless harmony

And we sang god bless america  
It's a land where we tour  
She takes great care of us  
And people love for where we sing  
We sing doot doo doot, doot doo doot, doot doo doo doo
