

Beach Boys, Endless Harmony

Beach Boys
Keepin' The Summer Alive
Endless Harmony
Ocean lovers who like to harmonize
They're all cousins friends and brothers
And they make their mamas cry
They're record-making heart-breaking
Just west coast boys
What i know it's a beginning of an endless harmony
Oooo ooo ooooo

Striped shirt freedom
Brave new worlds
Go out on the road
Where there's mid-sixties screaming
And that nighttime holiday scheming
While a lifestyle turns to gold
Music's growing
And vibrations showing
What's it all mean
I know it means there's an endless harmony

And we sang god bless america
It's a land where we tour
She takes great care of us
And people love for where we sing
We sing doot doo doot, doot doo doot, doot doo doo doo
