

Beach House, Become

Keep you close to me
Oh sweet remedy
Bright and crystalline

Take it as it comes
Holy morning sun
Rubies on my tongue
La la la la

Become light
What's inside
All around

Time goes by
Don't you cry
Become light

Love is like a fire
Light it, it goes higher
Keep you close to me

Love is like a fire
(Time goes by)
Light it, it goes higher
(What's inside)
Keep you close to me
Become light

Time goes by
What's inside
Become light

La la la la la la la la la la
