

# Beady Belle, Drawback

That's the dark side of obedience  
That's the dark side of obedience

When somebody tied my poor dog up  
I found that I was totally stuck

I'd trained him not to let out a yelp  
That's why he didn't get any help

Nobody came to help in October  
Nobody came to help in November  
My dog was praiseworthy quiet and sober  
So nobody came to help in December

So he laid down now on the doorstep and died  
And I'm still sitting here all tied up inside

That's the dark side of obedience  
That's the dark side of obedience
