Beady Belle, Drawback

That's the dark side of obediance That's the dark side of obediance

When somebody tied my poor dog up I found that I was totally stuck

I'd trained him not to let out a yelp That's why he didn't get any help

Nobody came to help in October Nobody came to help in November My dog was praiseworthy quiet and sober So nobody came to help in December

So he laid down now on the doorstep and died And I'm still sitting here all tied up inside

That's the dark side of obediance That's the dark side of obediance
